On **Saturday, March 22, 2014** join us for *An Evening of Luna-cy*, Luna Dance Institute's extravagant folly benefiting children. This festive event will raise funds to bring dance to 20,000 children annually through Luna's work in schools, libraries, residential centers, home studio, and professional learning programs. We are thrilled to have internationally renowned contemporary jazz musician, Ray Obiedo and his band Mistura Fina rock the night with fantastic rhythms and full blown dancing.

What better title than "An Evening of Luna-cy" to describe this GALA. Luna is an organization dedicated to bringing the joy of dance to all children, and filling a room with colorful prop-play, families, movement and laughter. *An Evening of Luna-cy* will take guests on a cabaret-style journey, offering a kaleidoscope of entertainment ranging from stilt walkers to tarot readings and dancing muses. Attendees can see informal performances, hear spoken poetry, indulge in delicious appetizers, delectable desserts and enjoy an open bar. Bingo and game winners receive prizes and gift baskets that include gourmet food, chocolate, wine or a weekend getaway.

Your support of this event will help fulfill Luna's mission to bring dance to all children-particularly to those in underserved communities. We hope you will join us in March for *An Evening of Luna-cy*, a very special evening to celebrate and support Luna Dance Institute.
